

# Ashgrove State School

## Technology Program 2018

### Whole School Required Apps for 2018

Whole school Apps are required to be downloaded on BYOD devices by all students in Years 3- 6 at Ashgrove State School. In 2018 teachers may request additional free class Apps or they may suggest Apps for individual students based on individual students learning needs.

All Apps used by students at Ashgrove State School have been approved by the Department and are age appropriate for students. If this information changes, parents will be notified and asked to remove the App from their child's device.

At the end of each year, teachers will audit the Apps for the following year and any changes will be reflected in the "Required Apps Document", for the following year.

The tables below show the required Apps. These Apps have been grouped under headings based on 21<sup>st</sup> century learning skills. To make it easier to download, each App listed is hyperlinked to the App store. Apps in lowercase letters are free and capitalised Apps have a cost associated.

Critical Thinking and Problem Solving	Communication	Collaboration	Citizenship	Creativity and Innovation
<a href="#"><u>Calculator</u></a>	<a href="#"><u>BOOK CREATOR-PAID</u></a>	<a href="#"><u>File Explorer</u></a>	<a href="#"><u>Class Dojo</u></a>	<a href="#"><u>Garage Band</u></a>
